Ralph and Rebecca Toliver returned to China in 1947 with their three older children, Ruth, Sylvia, and Ralph, as pictured above. Since then, David and Kathryn were born in China.

Tolivers Leave China For Home In USA

Bryan's first missionaries, Rebecca (Haeger '38) and Ralph Toliver ('37), with four of their children have left China and are now on shipboard en route to England where they will attend a conference on November 17. They hope to be in Dayton, Tennessee before Christmas. Ruthie, their oldest child, is at the China Inland Mission home in Philadelphia.

After being given three days to either leave Chungking or be imprisoned, Ralph through the aid of a policeman, secured a ticket and joined Rebecca in Hong Kong where she had been since July. The family set sail for England.

Ralph was Assistant Superintendent of C. I. M. missionary activities in Szechwan Province while in China and expects to be reassigned by the China Inland Mission after a short furlough.

We are deeply grateful for the Lord's tender watchcare over the Toliver family and rejoice in the courage and faith which they have manifested. Let us not fail to continue in prayer for them.

The "H. A. Ironside Memorial Library will be one of the outstanding features of the completed Bryan University. Named for the late Dr. H. A. Ironside, the new library will be a constant reminder of his faithful service as a member of the Bryan Board of Trustees and of his unwavering faith in the Word of God.

Nearly 1,000 books from the personal library of Dr. Ironside make a valuable addition to the 14,000 volumes comprising the University library.

Under the capable direction of the librarian, Robert Marston, the library is being made ready for its permanent location at the south end of the memorial building.
"When we wrote the last time, in November 1950, we had just opened up the work here in Kishtwar. We have six stations now with only thirteen workers to man them...

"Tommy is a continual joy to us. This month he will be two years old... strong, wiry, and the picture of health."

"We leave Wheaton November 1, going first to Washington, D. C., then to visit Berty and Joe Sullivan, the Morgans—then New York, England, and Nigeria. It will be so good to get back "home" again and into the work."

"Six months have now elapsed since we first set foot on African soil. These have been months of adjustment and acclimatization... months of tedious language study; but in all, months of glorious privilege and opportunity to proclaim the gospel of the Grace of God.

"Our first lap in the study of the Zulu language—daily grinding in the grammar book—is nearing completion."

"Because we did not go to France before going out in 1946, due to after-war-conditions, we must go there this winter for language study. Pray that we may find suitable living quarters when we arrive, and that we may not experience difficulty in getting the language."

"The rainy season still persists but the men are making plans for extensive travel soon. Someone said it would be for all the C.I.M.'ers in Thailand to have Christmas together this year. Nice as that would be Orville and I agree that we would much rather eat rice and greens in a Lisu village than enjoy the festivities of our foreign ways.

"Here at home we continue to study Thai and take care of the many duties that attend a home. Mary Sue is well. She now weighs 26½ pounds and is 30½ inches tall and has ten teeth. She is very active, and now runs around playing with some Thai children and adores them."

"You will rejoice with us to know that the money to pay for the land is all taken care of... so that soon we can begin tearing down the old building and getting the place ready to build our home."

"A couple of weeks ago we enjoyed a wonderful evening when the Bryanites that are now in Dallas Seminary got together in memory of old times. The guest of honor Mrs. Janice (Lien’50) Gooshring, who as you probably know is getting ready to go to Japan under Mid-Missions. Captain Leonard B. Winstead (’43), McClellan AFB, California.

"It is cold as we are crossing the Mag. Pole at approximately 76°N 102°W. From our 10,000’ altitude about half of Bathurst Island and the Bays are visible through the broken layers of clouds below us. The sun setting and the moon rising as the normally bleak scenes of dark ocean dotted with ice flows and the partially snow covered island, with its barren dark surface showing in spots, looks even more desolate in its present grayish white tone. Our magnetic compass is dancing around as if it had been eating Wheaties."

"1100 and we are back over Alaska under a bright moon and the most dazzling array of Northern lights I’ve ever seen. They are racing across the entire sky in snake-like formations and flashes of every brilliant color. Only God could create beauty such as this."

Robert S. McCormick (ex’44), Walnut Ridge, Arkansas.

"The Lord has certainly been gracious to me in all respects. He has supplied my every need most abundantly. I feel sorry for those people who have not learned to trust in the Lord completely and to let Him lead them in all His ways. They have certainly missed a great peace of mind. . . ."

Nina Meyers (ex’53), 1200 East 52nd Street, Indianapolis, Indiana.

"The Lord has privileged me to hold the position of girls’ supervisor here at the Indiana State School for the Deaf."

Neil Benfer (ex’43), Washington, D. C.

"We enjoyed meeting the group when the Gospel Singers were at the National Tabernacle here in Washington."

Ann Firebaugh (’47), Route 1, Wooster, Ohio.

"I was in Girls’ Camps as a counsellor in Illinois and Ohio for a few weeks this summer. That was a happy time, too. A few girls accepted Christ as their Saviour and many grew in grace."
